Original Trilogy

Darth Vader, arguably the greatest villain of all time and key component in one of the craziest plot twists in all of cinema history, is depicted on several of our coin offerings. Appearing as a bust, looming menacingly, brandishing his iconic lightsaber, or ready for battle, this sith lord is ready to fight against rebel scum and protect his empire. Speaking of rebel scum, the last hope of the jedi and for freedom, Luke Skywalker appears on his own gold and silver proof coins. Standing both on Tatooine and alongside his friends, defeating the empire, Luke Skywalker proofs are a must have for any collection. Aiding Luke Skywalker in his battles is none other than the ace pilot, smooth talking smuggler, Han Solo. Star Wars Han Solo coins come with the sharpshooter himself along with his Wookiee co-pilot Chewbacca and the legendary freighter the Millennium Falcon. Star Wars Han Solo coins also depict him as a young smuggler from the Solo film.

Prequel Era

Back from the prequels there is the savage, violent sith assassin Darth Maul. For fans of the series, the fight between this Zabrak and the padawan Obi-wan Kenobi and his master Qui Gon Jinn was one of the redeeming qualities of Episode One. The Star Wars Darth Maul coin shows off the warrior's iconic double-bladed lightsaber. Jedi Master Yoda coins show the little green sage as both a hermit from the original trilogy and as the jedi master from the prequels. Even the Clone Troopers, the Republic's soldier of choice in the Clone Wars, made their way onto a Star Wars collectible coin, charging into battle.

Spin-Off Movies

Even the anthology movies get their own Star Wars collectible coins. Jyn Erso, Cassian Andor, K-2SO and the rest of Rogue One's heroes line up on their own Star Wars Niue coin. Even Solo, the latest of the spin-off films has its own fully colored coins showing the young smuggler with Chewbacca and even some coins showing just the Millennium Falcon.
